Eavesdrop: My Final Project

Tanvi Saini

WEBSITE CONCEPT

Purpose

Entertain the viewer with personalized music content

Eavesdrop

Strategy

Taking user media and manipulating it into different interactive parts of website
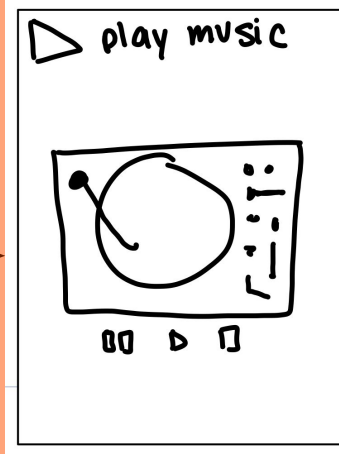

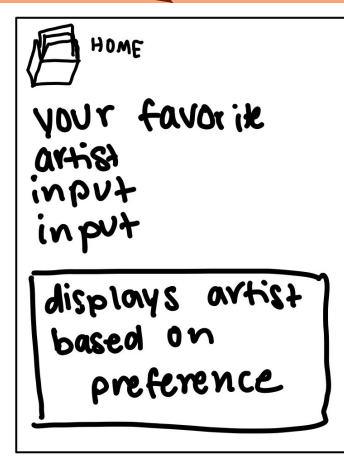

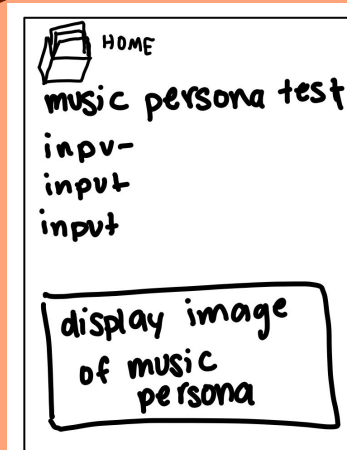

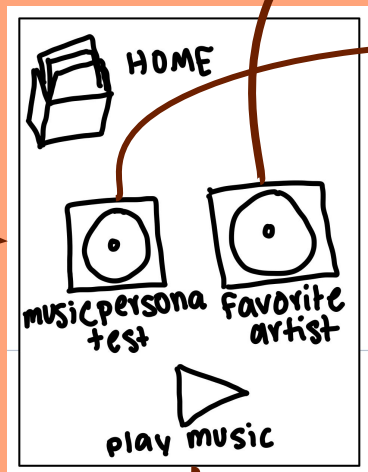

INSPIRATION

Spotify Wrapped

–   a page that displays your music personality after inputted information
–   A page telling user what their favorite artist should be based on input

Essentially, this website 'eavesdrops' on your music taste and develops different graphics for you based on its analysis
